

BSB51415  
Diploma  
of Project  
Management

Identify a complex project  
that has recently completed

Conduct a comprehensive  
review of its performance

Present and defend your  
findings / recommendations

## Enable innovation

<https://institute.pm/qualifications>

*Institute of Project Management qualifications validate contemporary best practices in the discipline of project management. They equally respect both people and process, and do not preference any one standard, method or industry approach. Instead, our qualifications evidence a highly rigorous and transferable baseline of knowledge, skills and experience that can be applied in any project context.*

Institute graduates are **critical thinkers**; they are the project leaders, problem solvers and innovators of the 21st century.
