Complete OPEN quizzes or attend an ARC workshop

BSB40920 Certificate IV in Project Management Practice

BSB50820 Diploma of Project Management

Enable innovation

<https://institute.pm/aqf-qualifications>

Project management is a powerful tool for addressing the complex needs of today's organisations.

Unlike narrowly focused fields - such as HR, marketing, finance or IT - project management brings together an array of skill sets spanning creative and critical thinking, leadership, risk, change and stakeholder management.

Simply put, project management provides a structured yet flexible framework for tackling a diverse range of initiatives faster, better and in a cost efficient manner.

Institute of Project Management graduates are decision makers; they are the project leaders, problem solvers and innovators of the 21st century.

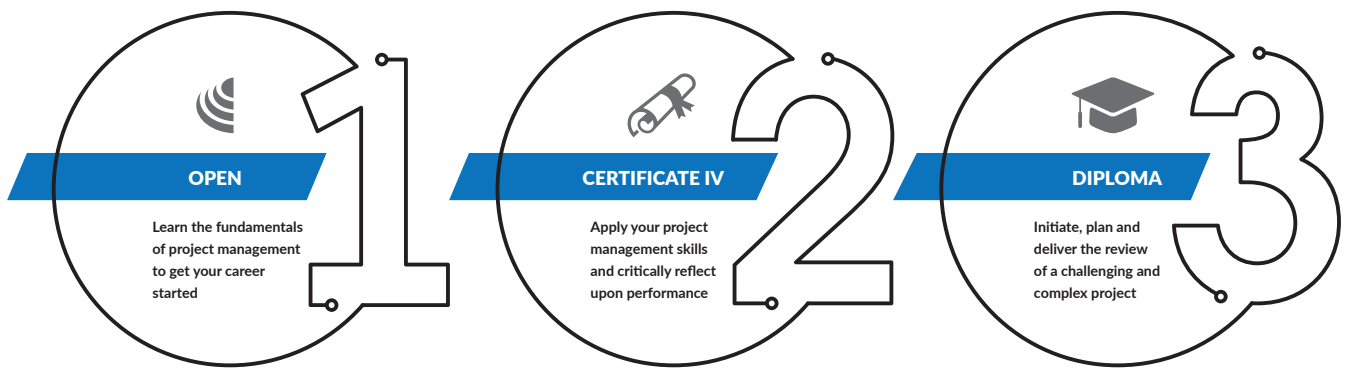

Free project management tools & templates

Unlimited, on-demand mentor support

International Certification (CPO, CPP or CPM)

Getting started

Prior to (or concurrent with) your enrolment in our Certificate IV and Diploma programs, you must complete all the quizzes in OPEN, our *Online Project Education* portal, or attend an ARC workshop.

International students must also evidence vocational English as per the Australian government standard for skilled migration.

Active mentoring

The Certificate IV and Diploma programs are delivered one-on-one into your workplace or home using YOUR projects, programs and events as 'cases'.

Our expert mentors work virtually with you to apply and extend your knowledge in live settings through interactive discussion and assessment activities.

Our mentors are not just proven project leaders; where possible, you will be paired with someone with specific experience and expertise in your industry. Unlimited active mentor support will guarantee you receive comprehensive feedback and assistance throughout.

Graduate outcomes

Upon completion of our BSB50820 Diploma of Project Management, you will be able to:

- Apply advanced project management concepts, methods and theories
- Demonstrate the technical skills of project management
- Leverage the interpersonal aspects of project management

Manage the delivery of complex projects

- Evaluate and respond to dynamic project challenges in all environments
- Communicate professionally with project stakeholders

Graduates may also pre-qualify for advanced standing towards an undergraduate (Bachelor) degree at a number of top Australian and international universities - visit our website for more information.
